Explains the process and materials that corals use to build reefs. This book's colorful photos, clear text, and -A Closer Look- feature highlight the engineering that makes this structure such a marvel and helps corals survive in the wild.

Kathryn Hulick is the author of Strange But True: 10 of the World's Greatest Mysteries Explained, about the science behind paranormal mysteries, including ghosts, aliens, sea monsters and more. A sequel about the future of technology comes out in 2020. Hulick also writes regularly for Science News for Students and Muse magazine. Her favorite part of writing about science is getting to speak with researchers in many different fields. Once, she spoke with an expert on parallel universes while he was shoveling snow from his driveway. Hulick lives in Massachusetts with her family and most enjoys hiking, gardening and learning about robots.

Animal Migrations

This book offers young readers an exciting look at bat migration, focusing on the reasons these animals make their journeys and the places they travel to. The book also includes an "Animal Spotlight" special feature, fun facts, a table of contents, quiz questions, a glossary, additional resources, and an index.

Carolyn Bennett Fraiser works as a content producer for an international non-profit and writes for children. Throughout the year, she teaches creative writing workshops for middle and high school students. In addition to writing, she loves playing the piano and hiking to the various waterfalls in western North Carolina, where she lives with her husband and as many strays as he will allow her to take in.

paperback  
\$9.95  
Pub Date: 1/1/2017  
Animals of North America. Ages: 7 - 9. Grades: 2 - 3.

Author picture:

Introduces readers to the life, diet, habitat, behavior, and physical description of American black bears. Colorful spreads, fun facts, diagrams, a range map, and a special reading feature make this an exciting read for animal lovers and report writers alike.

Tyler Omoth grew up on a farm in Southeast Minnesota but now lives in sunny Tampa, FL with his wife Mary and two adventurous twin toddlers. He writes everything from books to blogs and loves every second of it. If he's not at his desk writing, he's probably outside somewhere soaking up the sunshine.

\$9.95  
Pub Date: 8/1/2022  
Deadliest Animals

This book describes how a box jellyfish uses its tentacles to poison prey—or people! Short paragraphs of easy-to-read text are paired with plenty of colorful photos to make reading engaging and accessible. The book also includes a table of contents, fun facts, sidebars, comprehension questions, a glossary, an index, and a list of resources for further reading. Apex books have low reading levels (grades 2-3) but are designed for older students, with interest levels of grades 3-7.

Connor Stratton loves ice-skating, eating popcorn, and watching movies with friends. He lives in Minnesota.

Deadliest Animals

This book describes how a crocodile uses its strong jaws to crush prey—or people! Short paragraphs of easy-to-read text are paired with plenty of colorful photos to make reading engaging and accessible. The book also includes a table of contents, fun facts, sidebars, comprehension questions, a glossary, an index, and a list of resources for further reading. Apex books have low reading levels (grades 2-3) but are designed for older students, with interest levels of grades 3-7.

Golriz Golkar is the author of more than 40 nonfiction books for children. Inspired by her work as an elementary school teacher, she loves to write the kinds of books that students are excited to read. Golriz holds a B.A. in American literature and culture from UCLA and an Ed.M. in language and literacy from the Harvard Graduate School of Education. She loves to travel and study languages. Golriz lives in France with her husband and young daughter, Ariane. She thinks children are the very best teachers, and she loves learning from her daughter every day.

Deadliest Animals

This book describes how a hippopotamus uses its huge teeth to bite enemies—or people! Short paragraphs of easy-to-read text are paired with plenty of colorful photos to make reading engaging and accessible. The book also includes a table of contents, fun facts, sidebars, comprehension questions, a glossary, an index, and a list of resources for further reading. Apex books have low reading levels (grades 2-3) but are designed for older students, with interest levels of grades 3-7.

Golriz Golkar is the author of more than 40 nonfiction books for children. Inspired by her work as an elementary school teacher, she loves to write the kinds of books that students are excited to read. Golriz holds a B.A. in American literature and culture from UCLA and an Ed.M. in language and literacy from the Harvard Graduate School of Education. She loves to travel and study languages. Golriz lives in France with her husband and young daughter, Ariane. She thinks children are the very best teachers, and she loves learning from her daughter every day.

Doggie Daycare. 6 - 8 years.

Set in San Francisco. Fifi is a pampered show dog entrusted to Shawn and Kat for the week. The siblings are under strict orders to limit the bichon frise's time outdoors. But Fifi proves to be a terror. She barks too much, chews on the furniture, and even attacks the toilet paper. Can Shawn and Kat find a way to keep Fifi under control before their family forces them to close their Doggie Daycare business for good?

Carol Kim lives in Texas with her husband, two daughters, and one very well-behaved dog. Her childhood was spent in Southern California, where she grew up eating kimchi every day. She writes both fiction and nonfiction for children. When shes not writing, she enjoys reading, cooking and traveling, and exploring food from different cultures.

Doggie Daycare. 6 - 8 years.

Set in San Francisco. Star is a playful Siberian husky that needs a lot of exercise. She's well-trained, so Shawn and Kat let her off leash at the park. But Star gets excited and accidentally knocks a little girl to the ground. Furious, the girl's mother insists that Star leave the park. Can Shawn and Kat find a way to channel Star's energy before she is banned from the park forever?

Carol Kim lives in Texas with her husband, two daughters, and one very well-behaved dog. Her childhood was spent in Southern California, where she grew up eating kimchi every day. She writes both fiction and nonfiction for children. When she's not writing, she enjoys reading, cooking and traveling, and exploring food from different cultures.

Zoo Crew

This weekend at Mountain Bluff Zoo, Katy and Micah get to help the bongo keeper. The kids learn this antelope is almost extinct in the wild. Can Katy and Micah find a way to raise awareness about the endangered bongo?

Brenda Scott Royce is the author of more than 20 books for adults and children. Animals are her favorite subject to write about. She has worked as a chimpanzee keeper at an animal sanctuary and traveled on wildlife expeditions to Africa and South America. In her free time, she helps injured birds as a volunteer with SoCal Parrot Rescue.

Joseph Wilkins is an illustrator living and working in the seaside town of Brighton, England. A graduate of Falmouth College of Arts in Cornwall, Joseph has spent the last fifteen years forging a successful freelance career. When not drawing, he can be found messing around with bicycles or on the beach with his family.
